- **Polish -** Native
- **English** - Advance
- **German** - Beginner
- **Italian** - Beginner

I have been gaining experience working mainly as a front-end developer for the past 3 years. I participated in the planning of applications, their UI/UX properties and implementation of blockchain technology into projects. I try to keep up to date with the latest trends in the industry and enforce them if I am able to assess their usefulness.

WORK EXPERIENCE

Front-end developer
Soundoshi Ltd.
Oct 2021 to Oct 2023
- *Over the course of two years, I built a music platform as PWA, from scratch in a team of 4 developers.*
- *I addressed SEO and accessibility standards to meet industry and company requirements.*
- *Writing tests and making sure the platform works and looks right on each device*

Front-end developer
Banach Group
Feb 2021 to Sept 2021
- *Seeking blockchain opportunities and implementing them as web solutions.*
- *Working as UI/UX designer.*
- *I have created 5 projects.*

Front-end developer
Freelance
Oct 2020 to Present
- *Creating and implementing designs.*
- Building one-page websites
- Regular contact with clients
